HELL-TOR

FESTIVAL (13)

WELCOME to the second HELL TOR FESTIVAL!

Covid may have scuppered our plans back in 2020 but some things just won't stay dead. This year our venture has returned from the grave with VAMPIRES - what are they and why do we love them.

We have some amazing guests and some amazing opportunities to workshop new skills. A huge thank you also to all of our submissions to our very first Film Freeway and to those who have been selected to screen alongside some horror classics. Thank you too to the Digital dept at the Exeter Phoenix, our sponsors and to all who have helped put this together.

Never short of a lure to draw you back upon the moor...and we already have an idea for the next one.
